Mrs. George Buhr has purchased a house and lot on Jefferson street, between Twenty-fifth and Twenty-sixth, Louisville, and will remove there about the first of May to reside.

Miss Nellie Bush, formerly of this city, sister of Mrs. Geo. F. Berry, and Mr. Fulton Gordon, clerk at the Galt House, Louisville, were married Saturday in Jeffersonville, Indiana.

The Turnpike Commissioners went down on the Plum Branch and Bald Knob pike Thursday afternoon to inspect a portion of the road which has recently been built to fill a gap in the pike, and rejected the same on account of its not coming up to the specifications.

The following officers were elected by Canton Wilkey on last Thursday night for the year ending April 26th, 1888:

Albert Chilson, Commander; C. A. Nelson, Lieutenant; Gus. Shaefer, Ensign; Logan McKee, Clerk; N. F. Richardson, Accountant.

John L. Scott, jr., formerly shipping clerk at Wakefield & West's mills, this city, has taken charge of the shipping department of the large lumber mills of Lewis Emery, at Farmer's, in Rowan county, Kentucky, on the C & O. railroad. This is one of the largest lumber mills in Kentucky. Mr. Emery has another mill at St. Alban's, W. Va.

Mrs. Sallie Crockett sold her cottage on Conway street, lot 50 by 200 feet, to Col. Thos. B. Ford on Monday, for \$1,000 cash.

Mrs. Nancy Daily, who resides in Craw, was tried before Judge Thomson Tuesday morning on the charge of permitting gaming on her premises, and fined \$200.

The boom has struck Shelbyville, and the Sentinel and News have been compelled to get out double numbers this week to accommodate the rush of advertisements.

Hoes, rakes, lawn mowers, at the anvil house of Gray & Church.

Mr. Thomas Frazer, of Woodlake, this county, and Miss Ophelia Laughlin, of Scott county, were married at St. Pius' Church, White Sulphur, on Wednesday. Nuptial mass was celebrated on the occasion.

On Friday night of last week a thief broke into the blacksmith shop of Mr. N. M. Crutcher, on the Leestown pike, six miles from this city, and stole a brace, set of bits, spoke augur and drawing knife. No clue could be found as to who committed the theft, but it is supposed to have been a burglar, who expected to use them to enable him to get hold of something more valuable.

The following officers were elected Thursday evening by Frankfort Commandery, No. 4, Knights Templar:

Sir V. A. Kaltenbrun, Eminent Commander; Sir E. H. Taylor, Generalissimo; Sir F. V. Gray, Capt. General; Sir J. W. Pruett, Prelate; Sir D. M. Woodson, Senior Warden; Sir Russell Sneed, Junior Warden; Sir J. B. Hendrick, Treasurer; Sir W. S. Dehoney, Recorder; Sir U. Keenon, Standard Bearer; Sir Gus Shaefer, Sword Bearer; Sir J. R. Stafford, Warder; Sir Sanford Goin, Capt. of Guard.

There was a clerical error in the statistics of the First Presbyterian Church published last week making the increase of the Church for the last three years a great deal below what it actually was. The statistics, after deducting for all deaths and removals, show the following results: On the first of April, 1884, number of members 210; 1885, 243; 1886, 288; 1887, 310.

We are under obligations to Mrs. W. H. Hall for a bunch of the most magnificent Marshal Neil roses we have ever seen. They were exceedingly fragrant, and perfumed our office delightfully. She has two thousand of them in bloom.

Gray & Church have a lot of tinware at cost. See the prices.

Attention of contractors is called to the advertisement of Messrs. Rogers, Williams and McEwan, in another column, requesting bids on the Methodist Church improvement.

A Grand Record.

We call your attention to the advertisement of a remedy which has stood the test of more than a half century with increasing popularity and is universally admitted to have no equal as a remedy for the cure of diseases originating in a disordered Liver, such as Dyspepsia, Biliousness, Constipation, Headache, Colic, etc. Simmons Liver regulator is simple and harmless, purely vegetable, and can be safely and advantageously used under any circumstances. It acts mildly and effectually, and is especially valuable as a Family Medicine, which position it holds in so many homes. We do not know another preparation which can bring forward such endorsements from heads of families and those holding the highest official and social positions. Keep Simmons Liver Regulator in your house. It will reduce your doctor's bill and insure for your families health and happiness.

It seems strange, but it is nevertheless true, that the world contains people who will try to imitate, counterfeit or substitute something else for a genuine, meritorious article, even to the extent of making a spurious medicine, risking life and health, and it behooves every one to look that they buy only the Genuine. Zeilin & Co. have used the precaution to put on the front of each wrapper their trade-mark of a curved Z entwined around the mortar and on the side the signature of J. H. Zeilin & Co. Frauds should always be denounced and the true remedies only upheld. 32-1m.

Mrs. Dr. W. H. Hall has the finest and most beautiful lot of Marshal Neil roses ever seen in this city. She had yesterday two thousand roses in bloom, among them the pink or climbing Marshal Neil, something very rare in this locality. She is disposing of these roses at prices ranging from ten cents up, and can supply persons desiring them for parties and funeral occasions on short notices.

Officers John Dean and J. T. Larkin captured Henry Smith, an escaped convict from one of the railroad camps, on Saturday night.

EDUCATIONAL.

Don't forget the Educational Meeting at Lawrenceburg on the 21st of May. Try and be present.

Prof. Lea, of Bridgeport, we are glad to state, is improving, and will soon be out again, if his lady friends don't feed him too high. Be careful, ladies.

After the next meeting of the County Teachers' Association, 2d Saturday in May, they will meet in the country districts. Where shall we hold the first meeting?

We are sorry to hear that Miss Warren, of Forks of Elkhorn, was confined to her bed by pneumonia. We hope she will soon be able to resume her duties in the school-room.

Trustees and teachers in want of wall maps, charts, physiologic and reading, should call at the County Superintendent's office and see the fine specimens he has for them to examine.

One sign of there being greater interest shown in school matters is the large number of trustees seeking information in regard to their duties and privileges. Come on, gentlemen, we are always glad to see you. No trouble.

Trustees should be slow in making promises for the next school session, as we confidently believe that the pro rata will be larger than it has been for several years past. Thanks to Col. T. B. Ford and the new revenue law. Get the best teacher possible. A book worm is not always the best; neither is a "walking encyclopedia." The youngest children need the best of teachers.

The next meeting of the State Teachers' Association will be held July 7th, 8th and 9th at Louisville. The National Teachers' Association convenes at Chicago July 11. Every teacher and friend of education should feel it their

duty to attend these meetings. There will be reduced railroad and hotel rates to all who attend and register their names.

[All State papers please notice the above item.]

Mr. James Buford, in returning from Mr. George Rodgers' on Sunday night, lost his way in the dark, fell over a cliff into a briar patch, and was badly scratched up. One of his thumbs was dislocated in the fall, and he was fortunate to escape being killed. He has been very ill since.

The Heywood baby carriage, the best made, for sale at R. Rogers. 82

Frankfort Lodge, No. 10, Knights of Honor, will meet on Wednesday evening next, at 7 1/2 o'clock, instead of Thursday evening, on account of the Odd Fellows using the hall Tuesday.

The Heywood is the best baby carriage made. For sale by R. Rogers. 82

It commenced raining heavily at 12 o'clock Thursday night and continued all day yesterday. The sewers in Craw became stopped up yesterday afternoon and several streets, cellars and houses in that part of the city were flooded. The river is rising rapidly as we go to press.

Get a Heywood baby carriage of R. Rogers, they are the best in the market. 82

Indianapolis Letter.

INDIANAPOLIS, April 20, 1887. Editor Roundabout:

Enclosed please find gas well clippings from Saturday, Monday and Tuesday's News, and a condensed statement from Mr. Thompson, State Geologist. You will pardon me for writing so often, but it is important that Frankfort gets her first wells located over gas. Since Mr. T.'s paper was written, gas has been discovered in small quantities at Shelbyville, Rushville and Aurora, and our Brighten well abandoned, showing a trace of oil but no gas. It is quite difficult to get the real gas experts to talk to a stranger; it is only the well drivers that talk.

It is moderately certain that Indianapolis is in a flat, undisturbed stratum, and that we have no gas nearer than six to twelve miles. Noblesville, with its jumbo well, is only 21 miles off to the north; and Pendleton with its well only 25 miles east. It is for Mr. Proctor to investigate the point and determine whether it is not best to bore on the hill tops instead of the bottoms. Our Indianapolis experience proves that there are greater reasons to expect gas from a hill top; say from the Arsenal or Mr. J. L. Scott's residence, than from Craw, or the prison, or the Gas-house; in fact, does not the Brislan well prove it. Only submit this point to Mr. Proctor and the resident incorporators, and I will not bother you again. Very respectfully, W. R. WATSON.

GAS WELL NOTES.
The Zionville Natural Gas and Improvement Company began boring for gas to-day.

Natural Gas was found at Pendleton at the depth of 900 feet at 11:30 o'clock Saturday night.

The Aurora flaring mill company, boring for water under their building, have struck gas at about three hundred feet.

Wednesday's real estate transfers at Marion were the largest since the natural gas boom set in a month ago, the aggregate of sales so far as reported were \$184,000.

Gas was struck on Major Walnwright's farm, near Noblesville, two feet in Trenton rock, at 9 o'clock Saturday night. The gas is of fine quality and the hole perfectly dry.

The streets of Noblesville are now lighted with natural gas. Connections have been made with many dwelling houses, and gas will be used for fuel. Drilling on the new well is progressing rapidly.

The interest in natural gas is still on the increase at Greensburg. The drill was sent down yesterday thirty feet, reaching a depth of 900 feet. The gas burned Wednesday night and was burning last night.

A natural gas and oil company has been organized in this city, with a capital stock of \$100,000. It is composed of the members of the Gas, Coke and Electric Light Company of this city. Operations will be commenced as soon as the contract can be let.

There is no indication of a falling off in the number of real estate deals that are made daily at Muncie. In fact the boom seems to get a new impetus with the beginning of each week, and the crowd of speculators has increased to such an extent that the hotels and boarding houses are taxed to their full capacity.

Every breeze blows in the rumor that gas has been struck at Brightwood. It was briskly reported on 'change to-day that gas had been found either at Seventh street or at Brightwood cove. The rumors are so certain that they are about to reach gas that the origin of the rumors are easily traceable. At Brightwood the well is down about 800 feet, and the Trenton rock is supposed to be not further than fifty or a hundred feet away. George R. Root says gas will be piped to Indianapolis from Anderson if it is not found here. But he is certain that it will be found here. So are others. Real estate is being taken out of the market in some instances by owners, confident that values will appreciate when (if) gas is found.

R. Rogers has the best baby carriage manufactured—the Heywood. 82

Bridgeport.

Cooler.
Heavy rains.
And still they move.
Corn planting in progress.

Onions and lettuce next on docket.

The mumps and measles are doing up these parts.

Little Callie Parrent is very much indisposed.

Mr. F. M. Scofield has been in Louisville this week.

Miss Mary Miller has been on the sick list this week.

Mr. and Mrs. J. W. Jackson still remain quite feeble.

Sweet and sour mumps are the two kinds that prevail in this section.

More sickness in this town and vicinity than has been for several years.

Mr. Jas. W. Harrod made a business trip to Georgetown last Wednesday.

Prof. J. B. Lea has so far recovered as to be able to walk about the house.

Mr. J. H. Keith and wife made a business trip to Shelbyville the first of the week.

Regular services at the Bridgeport Christian Church to-morrow at 11 o'clock a. m.

Mr. William Scofield, who has been quite sick for some time, still remains feeble.

A Sunday school will be organized at Bridgeport Christian Church to-morrow at 9 o'clock a. m.

In consequence of the inclement day but small congregations at the different churches in this section last Sunday.

Some in these parts think the man who lost his umbrella last Monday ought to—well, at least—go the remainder of his days without one.

Mr. J. C. Wade and wife left for Ripleyville, Anderson county, this week, where they will reside during the fulfillment of his contract on the Louisville Southern railroad.

Happy Valley.

Spring has made her appearance again.

Mr. Sam. Johnson is still visiting Rose Hill.

Miss Nettie Wathal is visiting relatives near Switzer.

Wanted, a dude spectacle for one or two of our friends.

Miss Beula Stone visited Mrs. Lew Onan the first of the week.

Miss Hardie Bacon, of Peak's Mill, is visiting her cousin, Mrs. Lew Onan.

The rain last week was a good remedy for spring fever. Several cases down here.

Mr. T. F. Stone paid a short visit to the family of Mr. J. D. Hockensmith's last week.

What has become of our friend D. B. S., in search of the pearls he lost on the trip to Excelsior?

Miss Harpale Bacon and Mr. C.

M. Onan paid a short visit to the Misses Stone the first of the week.

Mrs. Campbell Onan, who has been very sick with pneumonia for some time, will soon be out again.

Mr. W. B. Onan is our great trader now. He shipped two hogs up to Frankfort on the Hibernia recently.

Our dude, W. B. O., is always on hand with his horse and buggy, and that takes the girls' eyes; also that charming black mustache.

The big Major visits the Valley real often now. His smiles are so enchanting and he is so fascinating that he is of course a welcome visitor.

Misses Emma and Beula Stone attended the marriage of their cousin, Mrs. Fannie Egbert, to Mr. Pres. Thomason, at the bride's father's, near Frankfort.

Real Estate Transfers.

Since our last the following transfers in real estate have taken place, viz:

Lewis Burchfield, &c., to Ennis Drake, consideration, \$125.00, tract land.

Ennis Drake to J. H. Rush, consideration, \$125.00, containing 28 acres.

L. Lord and wife to Nancy Gravett, consideration, \$300.00, containing 26 acres.

Commissioner for Mason F. Gaines, &c., to R. D. Armstrong, consideration, \$2,987.63, containing 78 acres.

Sallie S. Jovett to Ada Garrett, consideration, \$500.00, lot South Frankfort.

O. R. Crutcher and wife to W. R. Shaw, consideration, \$1,050.00, containing 39 hundredths of an acre.

O. R. Crutcher and wife to Mattie B. Shaw, consideration, \$135.14, containing 79 one hundredths of an acre.

J. W. Poe and wife to Jas. K. Whitton, consideration, \$480.00, containing 48 acres.

Lena Marton and Jack Marton to Mark E. Boyd, consideration of an exchange in property.

A Suggestion to the Traveling Public.
Toys, emeralds and sapphires find that Mother's Stomach Bitters is a medicinal safeguard against unwholesome influences, upon which they can implicitly rely, since it prevents the effects of vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health. On long voyages, or journeys in latitudes adjacent to the equator, it is especially useful as a preventive of the bilious complaints and disorders of the stomach, liver and bowels, which are apt to attack visitors of the temperate zone equatorial or traveling in such regions, and it is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme heat. It prevents fever, relieves the most violent and persistent fever, and other disorders of a malarial type. In fact, it is a fact which has been proven for years past in North and South America, Mexico, the West Indies, Australia, and other countries.

Its Delicacy of Flavor

And the efficacy of its action have rendered the famous liquid fruit remedy, Syrup of Figs, immensely popular. It cleanses and tones up the febrile system, dispels headaches, colds and fevers, cures Habitual Constipation, Dyspepsia, and the many ills depending on a weak or inactive condition of the Kidneys, Liver and Bowels. For sale in 60 cent and \$1 bottles by CAPMAN & GAYLE. Manufactured only by the California Fig Syrup Co. San Francisco, Cal.

Louisville Tobacco Market.

FURNISHED BY GLOVER & DURNETT, PROPRIETORS LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amounted to 1,421 hhds., with receipts for the same period of 1,088 hhds. Sales since January 1st amount to 3,895 hhds. We are again called upon to report another week of light receipts and sales, especially of Boney Tobacco. The character of the offerings, if possible, have been poorer in proportion to the quantity than at any previous time during the year. The market has been animated, and prices are a little stronger, for grades, than they were last week. (Old Barleys have sympathized fully with the advance in prices of the new. The Spanish contract has been awarded to the same party, and last week. The following quotations fairly represent the market for New Barley Tobacco: Dark Trash . . . \$3.00 to \$3.50
Common Trash . . . 2.00 to 4.00
Common Lugs, not colored, 800 to 4.00
Colony Lugs . . . 4.50 to 6.00
Common Leaf, not colored, 5.50
Dark Leaf . . . 6.00 to 8.00
Fine Leaf . . . 10.00 to 15.00

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this Great Discovery for Consumption free at Jos. LeCompte's, 2

Ex. Gov. A. H. Stephens' Cousin.

I am first cousin of the late Ex-Governor Alexander H. Stephens, and have been postal clerk on different railroads since 1868. For ten years I have been a sufferer from a cancer on my face, which grew worse until the discharge of matter became profuse and very offensive. I became thoroughly disgusted with blood purifiers and pronounced them humbugs, as I had tried many without relief.

Finally I was induced to use B. B. B., which was about the last of February, and continued its use until the latter part of April. The offensive discharge decreased at once and the hardness around the cancer disappeared. It improved my general health and I rapidly gained flesh and strength. The discharge gradually decreased and the cancer became less and less in size until nothing remains except a scar to tell the tale of a once dangerous cancer. I find that B. B. B. comes squarely up to what it is recommended and I cannot say too much in praise of this wonderful medicine. I have tried them all, but B. B. B. stands at the top as a blood purifier.

The above is copied from the Athens (Ga.) Banner-Watchman, being the voluntary language of Mr. James A. Greer, which editor Grant indorses. "Mr. Greer is an honest, upright citizen, of Athens, who had a bad cancer, and of whose friends thought that he could not live long, as the cancer was gradually sapping the foundation of his constitution, but now looks well and hearty."

2 Against 18.

Several physicians have pronounced my disease blood poison, caused by paint or lead in the paint, but they could not cure me. Last Summer I used sixteen bottles of a largely advertised blood medicine, which did me no more good than so much water.

I have used only two bottles of B. B. B. and am proud to say that I have received greater benefit from them than from the sixteen bottles of the other medicine. There is no question about the superiority of B. B. B. over all blood remedies.

FISSURES
Cured without cutting or tearing.

RECTAL ULCER,
The great bane of humanity, is cured if the patient does not pull too late. This is the greatest secret remedy of mankind, and a disease of which nothing was known before the Bitterroot discovery. Many patients are troubled with constipation or occasional attack of diarrhoea, lame back, headache, dyspepsia, itching increased at night, kidney and bladder trouble, that are not aware it is caused by ulceration in the lower bowel. It is now a well established fact that many diseases of the stomach, liver, kidney, bladder, womb and nervous system are either caused or aggravated by the existence of PILES, FISTULA, FISSURES or RECTAL ULCERS.

Topeka, Kansas.

Which is the capital, is a beautiful and growing city of forty thousand people, possessing many advantages enjoyed by but few cities anywhere. The location is very desirable, drainage good, and good water. The altitude being one thousand feet above the sea level, guarantees a dry healthy atmosphere, which makes it a desirable residence city, as well as it is the political, commercial and railroad center of the State, the State Capitol being located here, which is a very fine structure now in course of construction. Four trunk line railroads are now already in this point, namely: the great Rock Island, the Atchison, Topeka & Santa Fe, Union Pacific, and the Missouri Pacific, and a large number of smaller roads and branch lines diverging from this point, which gives all railroad advantages in competition of freight rates and accommodation, as well as every facility for distributing merchandise from this point. It will be within the next few years the greatest wholesale point in the State of Kansas; there will be several millions of dollars expended during the year of 1887. There are five miles of street pavement going to be put in, and ten or twelve miles of street railway now in construction, besides ten miles now in operation. The Rapid Transit Street Railway Company is building about fifteen miles, to be completed in the most modern way, and operated with Noiseless Steam Motors, which will facilitate transportation from the suburbs of the city, and which will be as big an enterprise as any trunk line coming into the city, and having all the modern appliances, being adapted to the convenience and comfort of those who may locate in this beautiful city. Investments made here, especially along the line of this railway, will grow very profitable and safe investments to those who desire to place their money in this city. No other city in the West offers greater inducements than this beautiful city of Topeka today. Any person desiring any information in regard to Topeka can learn through reliable parties who are in correspondence with Messrs. Bartholomew & Co., 609 Kansas Avenue, Topeka, Kansas; they give as reference the First National Bank or any other bank in their city or Rev. J. G. Venable, who has been a resident of this part of the State, as well as of said city, who will confirm all we have said.

The public is hereby cautioned against an irresponsible leaflet taken from the "Insurance and Finance Chronicle," of Montreal, containing criticisms and untruthful statements in regard to the Provident Savings Life Assurance Society, of New York, and its plan of renewable term of life insurance.

The statements in the Montreal paper were prepared by an officer of one of the local life insurance companies of that city, and have been published in pamphlet form and circulated in large numbers by those companies.

In a communication to that paper published in its issue of January, 1887, Mr. Homans writes as follows:

"You have charged that the renewable term plan of life insurance, as offered by this Society and by the Federal, of Hamilton, Ont., is insecure, unfair, expensive and undesirable.

"Now, I take issue with you in each of these points.

"I believe it to be as secure, and in some respects more secure; as equitable; and in some respects more equitable; as economical, and, in fact, far more economical; and as desirable, and in some respects more desirable, than can be claimed for any level premium plan.

"How shall these conflicting opinions be decided?

"I propose that all the points raised by you shall be submitted to impartial and competent arbitration; that each of us put up a thousand dollars (or a larger or smaller amount, as you elect), to be applied as follows: (1) To defraying the expenses of such fair and competent arbitration, and (2) the residue to be paid to such charitable object as shall be designated by the arbitrators.

"In case you (and by you I mean any officer of any company who circulated your unfair statement) accept this proposition, I name as my referee, Mr. Justice Bradley, of the Supreme Court of the United States, formerly actuary of the Mutual Life Insurance Company of Newark, N. J., and as his substitute, Mr. Benjamin Griffin, formerly assistant actuary of the Mutual Life Insurance Company, of New York. I select these gentlemen because they are both competent and disinterested.

"Yours truly,

"SHEPPARD HOMANS."

The editor of the "Insurance and Finance Chronicle" declines this fair arbitration, stating, "we do not know Justice Bradley, of the Supreme Court of the United States, nor Joseph (Benjamin) Griffin either. No, we take a higher ground than that. We appeal to a larger, broader-minded, more disinterested jury than that, the great body of our readers, and we abide by their decision."

Among all the Life Insurance Companies in the United States, the Provident Savings stands first in showing the largest ratios of assets and surplus to liabilities, and the smallest outgoes for death claims and expenses. The actual cost of \$10,000, payable in case of death, was, during the year 1886, as follows:

At age 33.....	\$96.40.
" " 36.....	99.60.
" " 43.....	112.80.
" " 50.....	135.60.

The renewable term plan of the Provident Savings Life is the safest, the least expensive and the fairest life insurance contract obtainable.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was relieved of rheumatism of 10 years' standing." Abraham Hare, Druggist, Belleville, Ohio, affirms: "The best-selling medicine I have ever handled in my 20 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a half-dollar a bottle at Jos. LeCompte's drug store.

The Western Argus takes root at Flag Fork.

Boss Kenney, the champion of Sandridge, has drawn stakes and encamps at Harp.

An incessant rain of 48 hours fell in the beginning of the week, inundating the bottoms.

Mr. John S. Harrod, late superintendent of schools, is not forgotten by his numerous friends at the Fork.

When you mention the common phrase "hard times" our busy merchants don't seem to understand you.

Your eminent politicians from the city brought us tidings of great joy on last Saturday. Our county in debt only \$54,000 and the State less than \$3,000,000.

Our soil is fertile and yet our farmers don't seem to ape aristocracy as appears along the eastern shores of Franklin. These are very plain people.

He stood up last Sunday on his seat to see the minister and was sharply reproved by the sexton. She sat before him with her new three story elevator hat on.

Tell the Western Argus man to hand that \$1.50 back to Mr. "Fair Play." That amount will form capital sufficient to hoe up gas on any street in Frankfort.

Mrs. T. Wilborn, postmistress and artist at Scrabble, throws Worth, of Paris, in the shade in the line of "horrid frights"—that is, in the new spring bonnets.

Mr. George Gordon has now in course of erection a magnificent dwelling on the ruins of his late home destroyed by fire. Insurance will assist to repair his loss.

Space forbade in my last report to mention the nuptial bonds of "for better or worse" between Mr. Forest Nicols and Lulu Peters. They have the good wishes of all.

Your evil friend, Lucifer Yocum, was instructed by his Uncle Zeke to use an ounce of whisky every day to "taper off." Since his uncle left for Rowan Lucifer crawls over to the nearest saloon and has been drinking sixteen "drams" a day for over a month. He insists that 16 drams make an ounce.

Our bad boy tied a rope across the path over which his mother was to pass with an apron of eggs to the market-man. While the huckster stooped down to gather up the old lady from the earth the boy pushed him over from behind and screeched with all his might, to some men in the woods that a ruffian was insulting his mother. After the desperate men had arrived with their clubs and axes the old lady explained that the man meant her no evil and that he did not merit lynching.

Benson.

Mr. Theodore Polsgrrove made a protracted visit to Frankfort this week.

Col. J. P. Pryor, who has been on a long visit to Texas, has returned home.

Miss Mary Pattie has returned home from a visit to friends in the neighborhood of Hatton.

Col. Wm. Taylor spent Wednesday in the Capital City on business. His business, however, was not with County Clerk Smith, as was supposed.

The report of Poley Smith, County Clerk, is a timely paper. The pauper list is splendid reading. Why, it only takes a little over forty-two hundred and fifty dollars to keep the paupers—nearly five hundred a year to bury those who die. Now, there is but one expression around here. Abolish the poor house, or compel all paupers to take up their abode within its walls. How long will it be before old Franklin will be on the

pauper list? There is a screw loose—something rotten in Denmark.

If Commissioner Bohannon would make a visit up Benson creek some night during the present month, he would have a splendid opportunity to inspect the seines, nets, gigs, paddles, etc., used in the extermination of the finny tribe. Your correspondent in passing up the creek a short time ago, saw no less than five teams of men and boys, some with torches, others with seines, gigs, nets, pitchforks, etc., playing havoc with the fish. Pea Ridge, as usual, was well represented. I trust that Supervisor Bohannon will see to it that enough are left for seed.

There has been considerable talk about another railroad. The people about here, with few exceptions, think that we have enough of that article. We are overburdened with taxation now to keep up the paupers, to build useless turnpikes and pay salaries of surplus magistrates, bridge and turnpike supervisors and keep county roads in order. But if the town of Frankfort wants another railroad, we are willing for her to have it, provided she builds it herself. It is about time some of her millionaires were shelling out something. If they would invest a little more liberally at home, it might enliven things somewhat.

Shake Rag.

The next enterprise will be a rope factory.

Fine rain just in time to save the oats and young grass. Shake Rag is going to raise a crop of hemp for the benefit of the chicken thieves.

Capt. Smith Cook returned home last Saturday. He is as tall and handsome as ever.

Lewis Johnson's sale came off last week. Every thing sold high. They say the cause was he had a Radical auctioneer. It must have been Uncle Zeke, for he is the only Radical in the neighborhood. He says his tongue is Democratic and his heart is Radical. I think our good Lord made a mistake and gave him the wrong tongue, for I don't think he aimed to mix up politics in any such a way, but I will leave this for Uncle Zeke to decide. Success to you, dear uncle, hoping you may live always and never cease to be a correspondent for the dear old ROUNDABOUT.

Lebanon Ridge.

A nice rain on Sunday last.

Oats and grass are looking well.

The prospect for fruit is first-class on the Ridge.

Farmers are getting along nicely with their work.

An interesting prayer-meeting is held every Saturday night at Lebanon Church.

Moving has been the order of the day on the Ridge for some time but is about over.

Mr. W. D. Duncan has removed to his old home on Moore Ridge, and Mr. Jerry Warfield is occupying the house vacated by him.

Mrs. Lizzie Penn, widow of W. M. Penn, has removed to the old Gussie Duncan house, near Bird Dotson's, where she will continue to sell goods as a means of support for herself and two little children.

Died.—Near Lebanon Church, on Tuesday, March 29th, 1887, Pearl, infant daughter of W. M. and Amanda Thompson, aged 2 years and one month.

Club No. 1, of the First Independent Baptist Church, will give an entertainment at Mrs. Harriett Parsons, in South Frankfort, to-night, Mrs. Morton, President of Club No. 1.

There will be a grand entertainment given by the ladies of St. John's A. M. E. Church to-night, for the benefit of said church, at Mrs. M. Halleck's.

The pastor of the First Independent Baptist Church has over one hundred converts to baptize to-morrow.

A literary society was organized in St. John's A. M. E. Church Wednesday evening. The object of this association shall be: 1st. The moral, intellectual, scientific, philosophic and historic improvement of its members. 2d. To stimulate self-reliance in our young men and ladies, and to develop the latent powers of our people generally and especially in a literary direction. 3d. To encourage a high social pastime, where the young and middle-aged can resort without the necessity of running after balls and lounging around dram shops, bar-rooms and other places of vice and immorality. This society meets on every Wednesday, at St. John's A. M. E. Church. Mr. B. F. Sayer, President; E. D. Yeizer, Vice President; Miss Cordie B. Willis, Secretary; Miss Florence Yeizer, Treasurer. Subject for discussion next Wednesday evening: "Should Women Have the Right of Suffrage," by L. T. Pointer, H. Clark and others.

Died.—Sunday, 17th, Mrs. Mary Million, wife of the late Andy Million, who was shot and killed in Battle Alley, South Frankfort, May 21, 1886. Funeral

took place at St. John's A. M. Church Tuesday, at 10 o'clock, a. m. Services were conducted by Rev. G. H. Burks, pastor in charge.

We had the pleasure of hearing the Hon. A. S. Berry, candidate for the office of Governor of Kentucky, subject to the Democratic Convention, which meets in Louisville May 4th, speak Monday night, and we judge from his speech that he has had a talk with James Giles, of Caney, Sweet Owen, or Uncle Zeke, one or the other, for he is afraid that the party is about bursted up. Uncle Zeke surely must be a prophet.

The Pleasantview Baptist Church, Shelby county, had a good time last Sunday. The pastor preached from Proverbs, 1st chapter and eighth verse. The members rallied by paying their dues as follows: Bro. G. W. Johnson, \$1.00; Bro. J. H. Johnson, \$1.00; Bro. S. M. Dudley, \$1.00; Sister M. R. Black, \$1.00; Sister C. A. Johnson, \$1.00; Bro. G. M. Black, 50 cents; Bro. J. H. Black, 50 cents; Bro. J. Johnson, 50 cents; Sister R. H. Johnson, 25 cents; Mr. L. M. Morton, 25 cents; Sister M. A. Molone, 50 cents; Bro. W. M. Handay, 25 cents; Sister A. M. Johnson, \$1.00; Bro. Nickles Johnson, \$1.00; Sister M. Murray, 50 cents; Sister B. Black, 50 cents; Sister R. Hardree, 25 cents; Mr. L. Handay, 25 cents; Sister E. Morton, 25 cents; total, \$12.50. ELD. R. BROWN, Pastor.

Editor Roundabout:

I hear a great deal of complaint about the conduct of both white and colored people at baptizings. I have lately come here, but I have been used to good behavior at all my baptizings. I was greatly surprised to hear in enlightened Frankfort of such bad conduct upon such a solemn occasion as a Christian baptizing. It might be expected in some uncivilized country or benighted Africa, but in a land of schools and religious training it seems to me that it would reflect very discreditably upon the community. There is no more solemn occasion than a baptizing. It is a command of our blessed Lord, who died for both white and colored, and when a class of people, I care not who they may be, rich or poor, white or colored, will come to a baptizing to make sport it shows very poor raising, very little manners, and a lacking in the upper story.

I ask all who may be present to-morrow (Sunday) at the baptizing to respect the occasion if not the people.

It seems to me that the officers of the law should see that good order is kept and that people are not allowed to pull their skirts right up to the spot where we are baptizing. I am certain that no such conduct would be allowed at a white baptizing and I trust that the best of behavior will be observed to-morrow. I am told that boys throw sticks and rocks at the persons being baptized.

I am not using this language to be boasting for I think in this advanced age people ought to have enough sense to know how to behave on such serious occasions. Robert Ingersoll, the great infidel, if present, would show the training of a gentleman. I hope to have the best of order to-morrow and will call upon the officers of the law to see that good order is kept and if such should not be the case I shall consider the source from which it comes. Respectfully, EUGENE EVANS, Pastor First Col. Baptist Church.

Know all men by these presents, that H. H. Watson, James N. Miles, J. Buford Hendrick, W. L. Collins, Jno. T. Buckley, Jas. A. Murray, Michael Buckley and Jas. G. Brawner, their successors, and assigns are hereby associated together under the provisions of chapter fifty-six (56) of the General Statutes of the Commonwealth of Kentucky, under the corporate name of the Frankfort Brick Company.

Section 1. The names of the incorporators are H. H. Watson, James N. Miles, J. Buford Hendrick, W. L. Collins, Jno. T. Buckley, Jas. A. Murray, Michael Buckley and Jas. G. Brawner, who shall constitute the first board of directors. The name of the corporation shall be the Frankfort Brick Company as aforesaid. The principal place of business shall be in the city of Frankfort, county of Franklin, State of Kentucky.

Section 2. Said corporation shall have perpetual succession, and shall have power to sue and be sued, and to contract and be contracted with in its said corporate name, to have a common seal, and to alter, at pleasure, to render shares or interests of share holders transferable, and to prescribe the mode of making transfers; to acquire and transfer real estate, movable, immovable and personal property, and to possess the same rights and authority in such respects as private individuals enjoy; and to establish by-laws and make rules and regulations for the transaction of all business pertaining to the corporation not inconsistent with the Constitution and laws of Kentucky or of the United States.

Section 3. The general nature of the business of the corporation shall be the manufacture of brick, tile and other articles out of clay, and the buying and selling of the same. Also contracting for the building of houses and other things. It may also purchase, contract for and receive, hold and sell such stocks and bonds of other corporations, public or private, and, as may be paid to it for work, or for property sold, as the directors may deem judicious or advisable.

Section 4. The capital stock of the corporation shall not exceed twenty-five thousand dollars (\$25,000). It shall be divided into shares of one hundred dollars (\$100) each. The corporation may, at any time, issue six thousand five hundred dollars (\$6,500) subscribed, and may commence business when ten per cent. of said last amount is paid in. Stock shall be paid for in money. Stock not subscribed for may be sold, from time to time, as the stockholders may direct, provided existing stockholders shall have the preferred right to purchase in proportion to the stock held by them respectively. The terms, conditions and times for such sales shall be fixed by the stockholders. Such stock subscriptions as may remain unpaid shall continue to be a liability of the corporation shall be paid in according to the contract terms of the subscription, and if there be no such terms, then at such times and in such sums as the board of directors may order or the by-laws may provide.

Section 5. Said corporation shall exist for the term of twenty years from and after the 18th day of April, 1887, during which time its affairs shall be managed by a board of not less than five nor more than seven directors, who shall be elected annually. The directors shall elect a President, Vice-President and Secretary and Treasurer, which Secretary and Treasurer may be held by one and the same person, who may or may not be a stockholder. The directors shall be elected by the stockholders on the third Monday in February, 1888, and on the third Monday in February of each following year, at such place and in such manner as the by-laws of the corporation may provide or the stockholders may direct. If, for any purpose, there be no quorum, the directors in office shall continue to act till their successors shall be elected and qualified.

Section 6. The corporation shall not incur indebtedness or liabilities exceeding in the aggregate, at any one time, a sum equal to two-thirds of the capital stock actually paid in by the stock subscribers.

Section 7. The private property of the share holders or members of the corporation, shall be exempt from the payment of any and all debts and liabilities of the corporation.

FRANKFORT ROUNDABOUT.

[Corr. Spence of the Roundabout.]

The New South-New Mineral Discoveries.

DECATUR, ALA., April 13, 1887.

Mention has been made incidentally of the discovery of large masses of iron ore within a few miles of Decatur. This ore was found in the foothills in different places within six miles of this town, and is easy of access. At one place a large body of ore and a vein five feet in thickness is in sight, and extends down an unknown distance into the earth. Steps are being taken to develop the vein, and to discover its extent as soon as possible. A specimen from another locality within five miles of Decatur was brought in and found to be a very fine looking red fossiliferous ore. A most remarkable feature about it was brought to light when it was sent to Birmingham to be analyzed. Mr. Alfred T. Braniard, the well known analytical chemist and assayer of Birmingham, reported that this ore contains 55 per cent. of metal: iron, and most important of all, contains but one twentieth of 1 per cent. of phosphorous. He reports that on account of the small amount of phosphorous in the ore, it is a first-class Bessemer steel ore. This is the only ore that has been discovered in Alabama that would make Bessemer steel, and, if upon further developments it proves to exist in large quantities as fossiliferous ore usually does, it will be the most important discovery of the year. This will make Decatur the center of the steel producing area in the South.

Steps are being taken to develop this as rapidly as possible. After a long and unsuccessful search for material that will produce steel, it would seem that the country around Decatur will yet be the Eldorado of the steel makers.

A meeting of the Board of Directors of the Decatur Land Improvement and Furnace Company was held last night, at which were present Major Branch, of Augusta, Ga.; Mr. J. C. Wooten, Columbia, Tenn.; J. F. Flournoy, Columbus, Ga.; Col. J. D. Roguemeur, Montgomery, Ala.; and Maj. E. C. Gordon. The meeting was called by Major Gordon to consider some very important proposals in regard to railroads to Decatur, and resolutions were passed to accept these proposals from two roads made here, and to have the roads built as rapidly as possible. The directors were gratified to see the progress already made in Decatur.

Mr. John C. Calhoun, a gentleman who is prominent in the affairs of the Rome and Decatur, and the Georgia Central railroads, has been visiting Decatur to consult with Major Gordon as to the immediate pushing of these roads to Decatur.

A Lady's Remarkable Testimony.

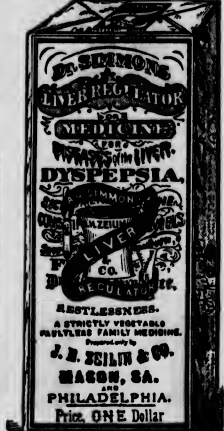

Mrs. Wilson is the wife of R. W. Wilson, one of the best known citizens of Hopkinsville, Ky. She had a wonderful cure by S. S. S., which she described in the accompanying letter. Mrs. Wilson would cheerfully give in detail to any sufferer her thrilling experience and joyful cure. She is enthusiastic over S. S. S. as a tonic for delicate women:

HOPKINSVILLE, KY., Feb. 24, 1887. "Seven years ago a sore developed on my nose from a finger-nail scratch. I tried a few simple remedies, but the sore would not yield. I grew worse every year for seven years. Many thought I had a cancer. Over a year ago, I began taking S. S. S., and two dozen bottles entirely cured me. When I began with Swift's Specific I was in very poor health, and could hardly drag about. After I had finished the course of S. S. S. I was strong and buoyant, and had a good appetite. I regard it a most invaluable medicine for ladies in weak, delicate health. It is a household medicine with me.

Yours respectfully,
MRS. R. H. WILSON.

Notice of Incorporation.

BE IT known that on the 24 day of April, 1887, personally appeared before the Clerk of the Franklin County Court, the following named persons: John B. Meeke, R. E. Johnson, V. Williams, Wm. Cromwell, George A. Lewis, W. L. Tanner, L. H. Fennell and J. K. Brown, who signed and acknowledged articles of incorporation under the provisions of chapter 43, General Statutes, to be known by the name and style of the "Frankfort Natural Gas and Oil Company," and said articles of incorporation were then filed for record. The persons above named are the incorporators of said company and shall constitute its first board of directors. The principal place of transacting the business of said corporation shall be in Frankfort, Kentucky, and said corporation shall commence on the 24 day of April, 1887, and terminate twenty-five years thereafter.

Said company shall have perpetual succession and the power to contract and be contracted with, sue and be sued, implead and be impleaded, to hold, own and in anywise alien property, real, personal and mixed, to have a common seal and after the same at pleasure, and to establish by laws and rules and regulations for the management of the affairs of said company not inconsistent with the Constitution or laws of this State or of the United States. The general nature of the business of said corporation shall be to develop, produce, utilize, convey and sell, or in any otherwise dispose of petroleum, natural gas and salt water, or any of them which may be upon or come from any of the lands which said company may own, lease or control, or upon which for any of such purposes it may have acquired the right, and to cause the same to be drilled, bored or in anywise sink and maintain wells for the purpose of producing petroleum, natural gas and salt water or either, and construct, lay, maintain and operate derricks, buildings, machinery, tanks, pipes, roadways, gasometers, warehouses, manufactories, and any other improvements or appliances in or by means of which such petroleum, gas and salt water or either may be produced, distributed, sold or utilized, and for this purpose may construct, lay and operate conduit pipes of any kind, and any other means to or from any mine, shaft or other place, and may acquire by lease or otherwise lands situated in and outside the limits of Franklin county suitable for such uses and purposes. Said corporation shall have the right to acquire by purchase, gift, or otherwise any lands or other property within the city of Frankfort, of within said city, and there distribute or sell the same or both, subject to any reasonable regulations for the convenience and safety of the inhabitants of said city as said city may, in the exercise of its governmental powers, deem proper to impose. Said corporation shall have the right to acquire by purchase, gift, or otherwise any lands or other property within the city of Frankfort, of within said city, and there distribute or sell the same or both, subject to any reasonable regulations for the convenience and safety of the inhabitants of said city as said city may, in the exercise of its governmental powers, deem proper to impose.

The affairs of said corporation shall be conducted by a board of directors of not less than four nor more than nine members, as may be prescribed by the bylaws, who shall be elected by the stockholders for a term of one year and until their successors are elected. Said directors shall elect from their number a President and Vice-President, also a Secretary and Treasurer, the same person may be both Secretary and Treasurer, and may or may not be a member of the board of directors.

The regular election for directors and officers of said corporation shall be held on the first Monday in January of each succeeding year. The board of directors at their first meeting shall elect all officers to serve until the regular election. The first meeting of said board shall be held on the written call of not less than one-half of the directors. Five days' previous notice of all meetings of directors shall be given by publication in a newspaper published in the city of Frankfort, and each share of stock shall entitle the holder thereof to one vote, to be cast in person or by written proxy. The capital stock of said company shall be ten thousand dollars, divided into shares of ten dollars each, which shall be deemed personal property and subscribed for and paid in at the time and upon the terms, and transferable in the manner to be prescribed in the bylaws of said company. The stockholders may, by a two-thirds vote, at a meeting called for that purpose, increase said stock to not exceeding fifty thousand dollars. The indebtedness of said company shall not exceed two-thirds of the capital stock. Private property of the incorporators and stockholders of said company shall be exempt from its corporate debts and liabilities.
